Is cytology in your genes? THE 41ST ECC 2018 IS FOR YOU!

We are working on interactive and dynamic sessions with a scientific content of excellence, to make the 41st European Congress of Cytology (ECC) a cutting-edge meeting in the field.

SAVE THE DATE: 10-13 JUNE 2018 in MADRID, SPAIN!

The sunny capital city is the best place to enjoy your free time during the Congress. Being a renowned cultural city, Madrid hosts some of the best museums of the continent and is worldwide known for its gastronomy, its iconic football teams and its vibrant night life.

DO NOT MISS THIS OPPORTUNITY TO THRIVE PROFESSIONALLY:

- Learn about the most recent breakthroughs in cytology.
- Exchange knowledge and ideas with other experts.
- Share your professional experiences with colleagues from all around the continent.
- Be aware of the scientific researches and advancements in the field.
- Build and maintain a solid collaboration with international and national professionals and organizations related to cytology.
- Enjoy an innovative scientific event in the beautiful city of Madrid.
